The Aerofoam insulation was delivered in 2012, being used for the HVAC applications. All the manufacturer recommended installing procedures were followed during the works.

Qatar Solar Technologies (QSTec) will build a US\$ 1 billion Polysilicon manufacturing plant in Ras Laffan Industrial City.

The plant is expected to produce 8,000 metric tons of polysilicon per year. QSTec expects the facility to be operational in the second half of 2013.
