Q Fact

*The Aerofoam insulation was delivered between 2011 and 2012, being used for the HVAC applications. All the manufacturer recommended installing procedures were followed during the works.*

The Bin Samikh Hotel Tower is located in Al-Dafna and covers an area of 4.89 km<sup>2</sup> and a total floor area of 62,880 km<sup>2</sup>. The hotel consists of 40 floors, a parking, four basement floors and two mezzanines.

ACE consulting Engineers Moharram Bakhom provides consultancy services for the project, along with Alsale Eastern Company Ltd as the main contractor and Harinsa Company carrying out the rest of the work.
