

NEW YORK UNIVERSITY – Abu Dhabi

AEROFOAM[®] NBR

Client:

Location:

Saadiyat Island, Abu Dhabi

Consultant:

WSP

MEP Contractor:

BK Gulf

The AEROFOAM insulation has been delivered between 2011 and 2012. The required quantity was 55,000 m of tubes and 50,000 square meters AEROFOAM NBR. For this work all the requested accessories and installing techniques were used according to the manufacturer's indications.

The campus occupies a site of approximately 15.4 Hectares split into two plots. Approx 117,000 m² of academic space including instructional, faculty & administration:

- Approx 142,000 m² of housing for students, faculty and staff;
- Approx 34,000 m² of car parking;
- Approx 8200 m² of research areas.

The second plot houses the university sports facilities including a Track and Field arena with showcase pitch for soccer, a "training" pitch and six tennis courts together with locker room and club house facilities.
