AEROFOAM® XLPE

Client:
API Accor Group

Location:
Al Barsha, Dubai

Consultant:
Khatib & Alami
Seeds Engineering Consultant

MEP Contractor:
B.K. Gulf LLC

The Aerofoam insulation has been delivered in 2012 and has been used for the HVAC applications. The required quantities were 8,000 m of tubes and 11,000 square m of rolls and sheets of AEROFOAM XLPE. All the manufacturer recommended installing procedures were followed during the works.

The project involves construction of three towers. Tower 1 is the Novotel Hotel that offers 150 apartments. Tower 2 will be an office tower. Tower 3 is a residential tower that offers 128 apartments. All three towers comprise 3 basement levels, a ground floor, 6 podium levels and 34 additional floors.
